Safety Policy Statement

Carleton University Student Association is committed to ensuring a safe and healthy workplace for all its employees, subcontractors and visitors. Our health and safety policies and procedures are based on a sincere desire to eliminate personal injuries, occupational illnesses and property and equipment damage.

Responsibility for the quality and maintenance of our health and safety program lies with each person within the organization. This shall be accomplished by ensuring that policies are developed, maintained and upgraded as changes are made to the legislation and work methods are improved. It is the employee’s right to work in a safe work environment.

Management and supervisors shall ensure that employees are properly trained and aware of work procedures, work related hazards and the OHA Regulations. It is the responsibility of the supervisor to observe, enforce and follow up to ensure that each employee is performing their jobs safely.

Supervisors, employees and subcontractors are expected to abide by the Occupational Health and Safety Act and applicable Regulations, CUSA Health and Safety Policy, specific safety plans and the general safety rules.

It is through the cooperation of all our staff and subcontractors that we will achieve our common goal of a successful, safe and healthy environment.

Dustin Rivers
Executive Director
