Service Agreement: FundQi and Carleton University

1. FundQi agrees to bear the responsibility to organize and maintain the opt-out process on their own website. As stated in the referendum question students will be allowed to opt-out upon inquiry. Carleton University may list the opt-out link in the registration section in the Carleton Central portal to direct students to FundQi’s opt-out system.

2. Commencing on June 1st 2021 FundQi will provide financial statements, a statement of activity from the year including how many students accessed the service, the value in funding received by Carleton students, and the potential number of students reached by FundQi’s engagement efforts.

3. FundQi agrees to abide by all applicable university policies as an external service provider, which can be found at: https://carleton.ca/secretariat/policies/.

4. Changes to this agreement can be amended by a written agreement duly executed by all parties. A removal of the FundQi levy will require the affirmative vote of Carleton students through a referendum in accordance with CUSA and university by-laws.

5. $9.99 per semester adjusted to inflation per opted in Carleton student will be collected by Carleton, which will be collected by FundQi through CUSA.

6. This agreement shall automatically renew annually.

Signed in Ottawa on: April 24th 2020

Lily Akagbosu
CUSA, President

Zuberi Attard
FundQi, CEO
