6. RRRA Report

**Douglas**: There is actually a gym being equipped at Prescott house for residence students this upcoming year. Hopefully, this will help decrease the high activity in the main athletics facility. Additionally our VP programming, Jay has finalized a Res fest in the beginning of September. Also, Lina our VP administration has been busy mainly working on the health program.

7. GSA Report

**Namarth**: Hey everyone, I’m the VP external from the Graduation Student Association. Firstly, there’s been some tension with Mike’s place we are going through transition as we shut down until August 5th. We hired a bar manager and a new membership coordinator who is going to be helping with our campaigns and all of our programming. There’s a lot of staff turnover but we see it as an opportunity and a way to improve.

We’re also gearing up for welcome week. Traditionally we have 3 weeks of orientation for graduate students, but because of the student choice initiative we will be bringing it down to 1 week and professing. We’re partnering up with the FGPA. We have lots of events like that, one of them is the Indigenous Grad student social with lots of food and fest and more other events to come. We’re also working on our website which will be ready for september and the vice president of academic has taken it on to make it more user friendly and dynamic. I’m personally working on student choice initiative optime campaign for August and September. Apparently, we got word from departmental admins to demonstrate to students how to opt out which might be important information for you guys as well.

Lastly, OSAP town hall; I will be organizing with the exec team on August 13 from 5:30pm to 8pm. OSAP cuts have affected lots of students, we want to hear how students are feeling now and invite the media to get more coverage which is our first big political rad happening in 2 and a half weeks.
8. CASG Report

None.

9. Senate Report

None.

10. Board of Governors Report

There was a 4 hour meeting prior to the BOG dinner, we had a full consultation session with Carletons Indegenous Strategic Initiative committee. We were talking about different ways to indigenize our campus which was very productive. We had Perrie Delgard from the assembly of first nations come in as well as representatives from that committee come talk to us. There was lots of voting on we had a performer come in she’s an indeginious student and we all had dinner and welcomed in the incoming members and also said our goodbyes and thankyou’s to everyone who was leaving. Ivan who was my partner for the past year who just left aswell as the grad students that were on BOG. so a bit of shuffling in the BOG but we’re excited for what is to come.

Be it Further Resolved that the following members be elected to the committee:

a. 3 Councillors
b. 3 Students at Large

MOVED: Sissi De Flaviis  SECONDED: Farook Al-Muflehi
Sissi De Flaviis: This committee is very crucial we talk about the consumer issues we don't have to do a research paper but because this year is an election year. We’re implementing the months it would be really nice to have some research based on the different issues and how to facilitate those resources for our students, so if you’re passionate about any issues or elections I would recommend joining this committee. We’ll make it a good time.

Representatives:

Tinu Akinwande:

Hello everyone, my name is Tinu I’m actually one the FPA councillors. I will be going into my 3rd year of Political Science and African Studies. I am running to be the next member of student issues action committee. It was one of my campaign points back in January because I've been passionate about student issues through tuition, academics and anything else because I really acknowledging student issues. I feel like I would be a really good member for this and it's something I'm really passionate about not only acknowledge the issues but find a solution for them as well. So I hope you all elect me thank you.

Osman Elmi:

Hello, The reason I want to join is because being a student at carleton you could see what students want, what students hear and when they complain they'll usually ignore and keep quiet and if I get elected I'll be able to understand what they want to get and talk to them and get to know them and hopefully bring it back and find a solution.

Cameron Davis:

Hello everyone, I’m applying for this position because I was on this committee last year as a student at large so I have lots of experience. Since I was on the committee last year I got a lot of experience in terms of looking at what students had issues with. We did a lot of research with on the ground stuff and just asking students to understand more of what they wanted. I’m currently the VP Academics of the student engineering society. I deal a lot with looking into student issues and concerns regarding academics which would help alot with any student issues that are brought up. Thank you.

Elizabeth Fraser:

Hello, My names elizabeth and I am one of the FASS councillors. This committee is the reason why I applied to be a councillor. It is something I'm Really passionate and it translates a lot into my involvement outside of the council and the different clubs that I'm a part of. I’m really interested in the policy aspect of it and I think especially with the recent changes that have affected students I’m really interested in how students feel and how they feel with them and it would be a good opportunity and I also have a lot of experience in my job with consultation so I can bring that experience to reaching out to different students so the reports we present to council will be very thought out and authentic. Thank you.
Dami Fukolujo:

Hey everyone, I’m a global international student with a minor in African Studies here at carleton. I’m a councillor of public affairs. I believe a member of this committee should be well versed in different areas of school not just a specific spot. I believe that's reflected in my interest and the way I participate on campus, as I am a member of the students at large, rugby team, member of CUSA and also this was one of my major points in my campaign. Last year there wasn't a lot of connection between students and people that represented them enough to be able to deal with them and the committee gives me a chance to fulfill that promise to address student issues more effectively. Thank you.

Hailey Graham (Read by Farook):

Hello everyone, and good evening. First, I would like to start by apologizing for not being at council tonight, and thanking Farook for reading for me, and my proxy Rosemary for filling in my spot tonight.

For those of you that don’t know me, my name is Hailey and I’m a part of the faculty of science. I would like to sit on the Student Issues Action Committee, and I feel like I would be a good fit because I am committed to serving and assisting Carleton students to the best of my ability. Carleton students face all different sorts of issues that can require careful and dedicated work to find a resolution, and I feel that I would be able to deliver the dedication and support that Carleton students deserve. Thank you council for your consideration.

Motion passes.
Council members vote on paper ballots.
Election results:
Tinu, Osman, and Cameron are elected as the new members for the Students Issues Action Committee.

16. Adjournment

MOVED: Jacob Howell               SECONDED: Farook Al-Muflehi

Motion Passes. Meeting Adjourned at 8:10pm
